SUMMARY

A detail-oriented Computer Science Engineering student with strong foundations in Data Structures, Software Development, and Cloud Computing. Experienced in building scalable applications and AI/ML solutions through projects and internships. Seeking an opportunity to contribute as a Software Engineer in a dynamic organization.

EDUCATION

VIT Bhopal University

B.Tech (CSE), CGPA: 8.80

2023 – Present

U.P. Kirana Seva Samiti Balika Vidyalaya, Kanpur

Class XII, 91.8%

2022

U.P. Kirana Seva Samiti Balika Vidyalaya, Kanpur

Class X, 94%

2020

EXPERIENCE

AI/ML Intern

May 2026 – Present

MPOnline Limited

- Developed AI/ML-based solutions for real-world problems
- Applied data preprocessing, model building, and evaluation techniques
- Collaborated with team members to deliver project insights

Digital Marketing Intern

May 2026 – Present

MPOnline Limited

- Worked on campaign execution, SEO basics, and performance analysis
- Utilized data-driven insights to improve campaign effectiveness

Job Simulation

June 2025

Deloitte

- Solved real-world business case problems
- Applied analytical thinking to improve workflows

PROJECTS

Campus Compass AI – Career Guidance Platform | Technologies: React, Node.js, Express, AI APIs

- Developed an AI-based platform to guide students in selecting career paths
- Implemented intelligent recommendations based on user skills and interests
- Designed scalable backend architecture

Car Price Prediction ML Model | Technologies: Python, Scikit-learn, Pandas

- Built a machine learning model to predict car prices using real-world dataset

- Performed data preprocessing, feature engineering, and regression modeling
- Improved prediction performance using optimized algorithms

AI/ML Face Recognition System | Technologies: Python, OpenCV

- Developed a face recognition system using computer vision techniques
- Implemented image processing and trained recognition model

Electricity Billing System | Technologies: Java, Swing, MySQL

- Designed a desktop application for electricity billing and customer management
- Implemented database connectivity and automated billing processes

Cloud-Based Quiz Application | Technologies: AWS EC2, HTML, CSS, JavaScript

- Developed a cloud-hosted quiz platform for certification preparation
- Ensured performance and accessibility using cloud deployment

TECHNICAL SKILLS

Programming Languages: Python, Java, C

Core Computer Science: Data Structures & Algorithms, Object-Oriented Programming (OOP), DBMS, Operating Systems

Web Development: HTML, CSS, Basic React

Cloud & Dev Tools: AWS, Git, GitHub

AI/ML: Machine Learning, Data Preprocessing, Model Evaluation, Prompt Engineering

Soft Skills: Problem Solving, Analytical Thinking, Team Collaboration, Communication

CERTIFICATIONS

ServiceNow Virtual Internship Program – The SmartBridge (2026)

Marketing Analytics – NPTEL (2026)

Google Generative AI Certification (2026) AWS

Machine Learning – NPTEL (2025)

Cloud Training & Workshops

ACHIEVEMENTS

• Smart India Hackathon (2025) • Anti Piracy Challenge (2025) • Accenture Innovation Challenge (2024)

POSITIONS OF RESPONSIBILITY

• Core Member – AWS Club, NTC Club (VIT Bhopal)

2024-2026

ADDITIONAL INFORMATION

Languages: English, Hindi Hobbies: Dancing, Reading, Graphic Designing
